Ms. Sharon Hathaway Forrest
2860 Blue Bill Dr.
Virginia Beach, VA 23456

Dear Ms. Forrest,

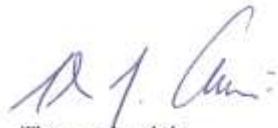

Thank you for taking time from your busy schedule to participate in Penn State's first annual Intelligence Community Centers of Academic Excellence (IC CAE) Symposium. Your insightful presentation during the breakout session was a significant contribution to the overall success of the conference. We are confident that those fortunate enough to attend your session benefited greatly from your remarks. Having recognized experts such as yourself involved in our conference had a pronounced impact.

The objectives of the symposium were to allow student scholars the opportunity to showcase their research, promote potential career opportunities in the intelligence community, and foster a continued positive and constructive dialogue between the academic and intelligence communities. Your role assisted us greatly in meeting those objectives.

Thank you again.

Sincerely,

Jeremy F. Plant, Ph.D.
Co-Principal Investigator

Thomas Arminio
IC CAE Symposium Coordinator
